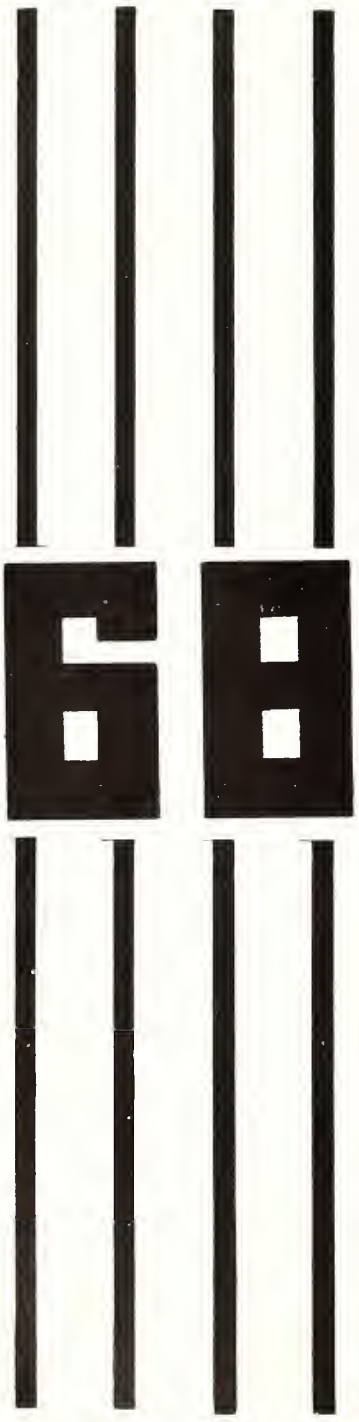
Presenting

The 1968 WO-HE-LO

East Central Junior College
Decatur Miss.



Dear Alma Mater, We sing thy praise,
In sweet remembrance of our college days,
Comrades and teachers, friends so true,
We give our love to you. ---
Long may we cherish the days spent with thee,
Happy days of dreams, work and play so
carefree, ----
Deep in our hearts rest your memories true,
Here's all our love to you.

ALMA MATER

This is the year that was . . . . . .

This is the month that was, the day that was, or the hour that was.

It was the year of an all time high enrollment, bi-monthly assemblies, Federal Aid for construction, new instructors, election of a new governor, plans for the future, and. . . . the "Vietnam" crisis.

It was the day of registration, elections, school pictures, lectures, rain and graduation.

It was the hour of an 8 o'clock class, a World Lit test, browsing in the student center, standing in chow line and play practice. . . . .

It was the week of Cheerleader tryouts, play practice, a blind date, submitting an application, curriculum club meetings, and field trips. . . .

Yes, there were the hours, days, nights, weeks, and months that decided this----- THIS IS THE YEAR THAT WAS!

THIS : IS THE YEAR THAT WAS

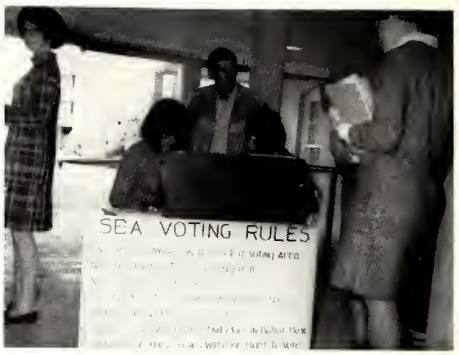
To some the year was just another year, but to many East Central students this leap year holds a multitude of memories, -------football games played, cheered, won and lost, the beauty pageant, class meetings, checking the mail and finding that special letter, waiting in countless lines, crying on the last day of school, talking to that special friend on the phone, hoping for a date for the week end, sleeping till noon on Saturday, singing Christmas carols, dancing with that favorite "crush" at the Freshman-Sophomore prom, BSU and Wesley, style shows, talent programs, May Days, getting the coveted trophy on Awards day. . . . . .

All the memories of this--THE YEAR THAT WAS--will never be forgotten. Each will face and will be colored again by the dye of time. Students will remember that East Central played a large role in the production called life.

When our college days drift into the past, we are reminded of the month, the week, the day and night, and the hour that made up 1968. . . . . THE YEAR THAT WAS!

This is the year that was PARTICIPATION

"Come on, join in." You have heard that expression for a long time. It means participation!---Participation in anything that happens to be going on at the time; whether it be club activities or just plain friendship. No one wants to be alone. Participation takes care of this worry. Life-long friends and perhaps future mates can be found through participation. These pictures explain better than words.



68

Gracious! There is so much to do. We Hear this famaliar cry of the college student from the first day he arrives until the day he leaves. First there's getting through the registration line-buying and selling books-special $5.20. Running to gym, late for classes. All this is a part of participation.

Everyday is filled with excitement and there is rarely a dull day.

Students participate in important events, such as voting, Phi Theta Kappa

And between all big events, some find time for some of the necessities.

Some sew for pastime-some take dictation because they have to-"required participation".

This is college life and college participation.

Mr. and Miss Wesley

L. F. Jackson

Nancy Burkett

Elections! Such as these each year! We all participate!

We get pictures made for the annual.

Wood at work!

The Congressman visits--we participate!

May Day Committee meets-Faculty participates!

Voting!

Practice!

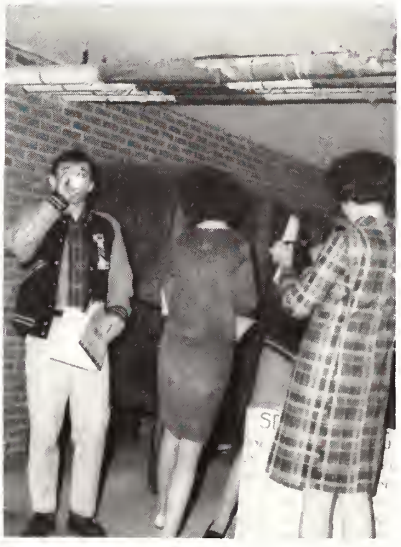
Band--ing!

Ravishing!

Learning!

Checking--In.

Pleasure-able!



Refresh-ing!

Yes! We particpate everyday-in many ways.

68

. . . This is the year that was ACTIVITIES

The scene is now-and everything and everyone is a Go-Go! Whether it be band, club initiation, teas, parades, pictures or annual work, there is always somewhere to go and something to do. The most active students are surely the happiest. Every available minute is filled with collegiate "busy-ness" and running here and there in order to fulfill one more activity. The life of a student is not an easy one because of the multiple activities--nor would it be an enjoyable one if there were limited activities.

Initiations------

Homecoming parade-winning float!

Father and daughter dance team. . .

President's Christmas Tea for Faculty and Staff. . . . . .

Secretarial Science Award-1967

Delta Psi Omega Initiation

Throughout the year, students (and teachers) find themselves involved in hundreds of campus activities. They find themselves striving to be active. . . . and active they are. The pictures speak. . . . . .

68

. . .This is the year that was RELAXATION

When East Central students relax, they give it their complete attention. 'Tis the end of class, the end of the week, or the end of the term. This means relaxation. All cares and woes are put away for an hour, a day or a weekend and students as well as teachers, seek a way to spend this coveted leisure time, so desired by the scholars. Some read the papers, watch Bat Man, or eat, while others various and sundry forms of pastimes. Whatever is done, the result is contented students.

36

East Central students fit themselves to their environment-faculty included.

We all have our favorite methods of spending leisure minutes.

We do not fail to secure at least a few minutes every day for refreshment of our inner life.

It might be a friendly "wrestling" match....

or ? ? ? ? ?

68

. . . This is the year that was SPIRIT

Spirit comes in many forms. Vivacity, dash, mood, temper and verve suggest various spirits shown by East Central students. Homecoming revives the spirit of past friendships. We look at a Christmas tree and feel joy and our hearts are filled with yuletide spirit; we cheer at ballgames and feel a school spirit; we attend BSU, Wesley and church services and feel a devotional spirit.

Although students' lives are filled with depression problems and constant chaos, we never pass up a chance for true inner feeling --- a spirit from within.

68

. . .This is the year that was PERFORMANCE

Shakespeare said "that all the world's a stage and all the men and women merely players. . . . . Many performances from the most insignificant to major roles are presented to create a variety of renewed or original events for the college student.

So little done. . . so much to do. . . is the cry of every student who enjoys a true performance during his college career. The art of doing is rewarding to each individual in his own way. The classroom is the focal point of many achievements. . . other renditions require an innate ability such as knitting, hitting the basketball goal, playing on the tennis team, or portraying your favorite character in a campus production.

Dedication:

To Our Mothers And Fathers

Who, with words of love and understanding, unerring hands of guidance and helpfulness have given us opportunities in the years gone by and confidence in the years to come, for a full and wonderful life.

Our parents have provided us with the stimulus to create curiosity toward life and the outside world. For their untiring efforts, sympathetic understanding, invaluable advice and genuine unselfishness, we gratefully and lovingly dedicate the 1968 Wo-He-Lo to our wonderful MOTHERS and FATHERS.

Engineers' Creed

As a Professional Engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare.

I pledge—:

To give the utmost of performance;

To participate in none but honest enterprise;

To live and work according to the laws of man and the highest standards of professional conduct;

To place service before profit, the honor and standing of the profession before personal advantage, and the public welfare above all other considerations.

In humility and with need for Divine Guidance, I make this pledge.
